# DICE

What you will need:

Calliope mini

Batteries

Cardboard

Tracing paper

Scissors

Acrylic Ball  
(Transparent 10 cm [4"])

Rubber band

Stickers

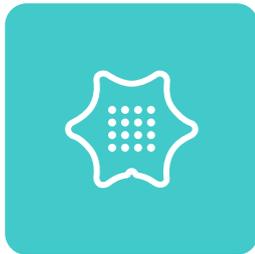

Cut a circle of 9 cm [3,5"] diameter out of the cardboard.

Decorate the cardboard as you like. For example, you can wrap it in transparent paper.

Attach a rubber band to pin 0 of your Calliope mini.

Fasten your Calliope mini to the cardboard by putting the rubber band around the cardboard disc and tightening it e.g. around a Grove connector.

Decorate your ball with colorful stickers.

Finally, connect the battery compartment to your Calliope mini and insert everything into the ball.
